

AN IMPROVED OHIO.

The Coming Visit of the Rivers and Harbors Committee.

THE STATESMEN SHOULD COME

This Week or Next, and See the River During a Run of Coal to the South—Interest in the Visit of the Congressional Committee Is General—Congressman Brownwell's Views—Coal Run will Start from Pittsburgh To-day.

Congressman B. B. Davenport, of this district, will be in Wheeling to-morrow and will confer with the Wheeling chamber of commerce committee on river improvement relative to the date of the committee's visit of inspection along the Ohio river from Pittsburgh to Parkersburg or even to Cincinnati on the magnificent new packet Virginia, of the Pittsburgh and Cincinnati line.

The people of the various river communities are already showing a decided interest in the coming visit of the congressional committee, and there is no doubt that the trip will be extended if the committee has the time to go to Cincinnati. The Sistersville people are anxious that the boat shall stop at the greatest oil field in America.

If it is possible the committee should, say the rivermen, schedule their visit for an early date. If the committee could come out the latter part of this week or the early part of next week, the members would see the Ohio at a time when its great importance as a commercial waterway would be demonstrated as it is demonstrated only six or eight times a year—during a run of coal to the south from Pittsburgh.

Next to Captain Davenport, of the rivers and harbors committee of the house, the river has probably no more enthusiastic friend in Congress than Congressman Brownwell, of Cincinnati, who says:

"I shall do all in my power to get Congress to give a liberal appropriation for the improvement of the Ohio river. I have made a study of this question and know how beneficial these improvements would be to the river interests. It is my idea to ask for an appropriation of about \$3,000,000 of the present Congress, \$2,000,000 of which would be sufficient to carry on for years the building of four additional dams below Pittsburgh, which would take care of the river as far down as the mouth of the Kanawha river. These dams would enable the coal fleets to be distributed with much better effect, and when the river rises they would be the means of reducing the number of wrecks, which are increasing so rapidly each season. The surplus water from the last dam could be released, which would give an impetus to the fleet."

Another \$2,000,000 appropriation could be asked from the next Congress and the work of improving the Ohio river could be completed. The \$1,000,000 balance of the first appropriation could be used advantageously in making the various lesser improvements, such as the building of dikes, for which the small sum of \$250,000 is now appropriated."

YESTERDAY'S DEPARTURES.

Matamoras—LEXINGTON, 11 a. m.
Parkersburg—LIBERTY, 11 a. m.
Clarionton—JEWELL, 2 p. m.

The Keystone State added largely here in freight. She also got a number of passengers.

Captain Cline, of the Lexington, has issued a very pretty time-card and photograph of his boat, that appears in many public places about town.

Council meets Tuesday night and the committee on ordinances has not yet met to frame new wharfage ordinance, reducing the rates. This should be attended to before to-morrow evening.

The Hudson has been greatly brightened during her lay-up in the mouth of the Little Kanawha. She passed up for Pittsburgh yesterday morning, off her regular day. She will be here for Cincinnati on Wednesday morning.

The Ruth was not expected up from Charleston and Gallipolis yesterday morning, no word having been received from her owners. She arrived, however, at 7 a. m., and got away for Pittsburgh at 8 a. m. She will be down for Charleston on Wednesday morning.

There is a large stage of water in the river to-day, but no coal could be gotten out on account of the heavy running ice. The Monongahela is practically clear of ice, but the Allegheny is still unloading its burden into the Ohio at such a rate that the boats would be endangered in trying to take out a tow. It is expected that the Allegheny ice will be run out by to-morrow, and everything is in readiness for a big coal shipment as soon as the way is clear.

The marks at 6 p. m. showed 13 feet and still rising. It is not anticipated that there will be more than twenty feet at this point. The report on Saturday afternoon that there was ten feet at Oil City was the basis of a prediction that there would be at least thirty feet at Wheeling, but as later reports had it, this stage at Oil City was caused by the goring of the ice at a point below, causing the water to back up. Weather yesterday was cloudy and cooler.

Pittsburgh—River 11.3 feet and rising. Weather, cloudy and cool.
Morgantown—River 9 feet 10 inches and rising; raining.
Greensboro—River 10 feet and falling; light rain.
Warren—River 3 feet 9 inches and falling; light snow and cold.
Oil City—River 5 feet and stationary; cloudy and cold.
Steubenville—River 13 feet 2 inches and rising; cloudy and cold. Up—Ben Hur, H. K. Bedford, Hudson, Ruth, and Liberty. The Prince of Wales way up with a tow of empties, is tied up here.

The "Pickled Brownies" Out.
Friday evening a goodly portion of the club with the unique name, the "Pickled Brownies," went up the river to near Wilson's station, and had a dance and an all round good time, taking music with them from town. They were reinforced by several from Tiltonville and there were about thirty couples in all. They had a "bang-up" time, so the boys report, coming down on the 6 a. m. train Saturday, and bearing evidence of the soppy nature of the soil in that section. J. Mac was master of ceremonies and kept the crowd wide awake.

Crowds have been here every day this month and prices such as our "ad." tells about, will surely bring them every day this week.

VERY SATISFACTORY

Is the Showing Made by the Wheeling Railway Company—The Annual Meeting.

The stockholders of the Wheeling Railway Company held their annual meeting on Saturday afternoon at the company's office on Main street, and elected the following board of directors, viz: Messrs. William M. Erskine and P. B. Dobbins, of Wheeling; W. H. Hazard and J. W. Moore, of Cleveland; A. M. Jolly, of Beaver Falls, Pa., and J. J. Muir, of Cincinnati.

The financial statement showed a most encouraging improvement in the company's business over the previous year, and 1895, thus far, is showing still better. It is expected that regular quarterly dividends of say 1 per cent quarterly will be inaugurated this year, commencing possibly in April next. The company earned 4 per cent in '95, of which 2 per cent was paid to the stockholders and the balance absorbed in betterments.

The Citizens' Railway Company held their meeting immediately upon the adjournment of the other company and re-elected their old board, viz: William M. Erskine, L. E. Sands, P. B. Dobbins, R. S. Irwin and W. A. Shirley, Mr. Erskine is continued as president and Mr. Shirley as secretary. The Citizens' being a leased company to the Wheeling Railway Company, had, of course, no financial report to submit.

The Wheeling Railway Company directors organized by the election of the following officers: President, W. W. Hazard, of Cleveland; P. B. Dobbins, of Wheeling, vice president; W. A. Shirley, of Wheeling, secretary and treasurer; W. S. Wright, general manager; M. Loftus, superintendent.

Mr. Loftus has been with the Citizens' Railway for more than a quarter of a century and is recognized as the right man in the right place.

THE RIKER ANNIVERSARY.

Interesting Services Held at the Fourth Street Church.

Last evening's services at the Fourth Street M. E. Church were attended by one of the largest congregations ever seen in that big church edifice. Hundreds of people were unable to gain admittance and left. The occasion was the celebration of the twenty-fifth anniversary of the conversion of the church's pastor, Rev. Dr. A. B. Riker. In the course of the services Dr. Riker gave three five minute talks, under the following topics: "Early Religious Impressions and Convictions," "Account of my Conversion," and "Special Blessings."

One of the features of the services was the fine musical programme prepared by the choir director, Mr. E. R. Bulard. This feature drew the presence of many music loving people of the city. All expressed themselves as delighted with the work of the choir, which is one of the most superb organizations in the Ohio valley. Every number was given in faultless style and for this reason it is difficult to single out any one for special mention. If any was more pleasing than another it was the anthem, "Father, Keep us in Thy Care," arranged from Sir Arthur Sullivan's famous "Lost Chord."

ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

W. H. Colvig is in New York on business.

Miss Lillian Walker, of Fairmont, was here Saturday.

State Mine Inspector D. M. Harr, of Fairmont, is in the city, a guest at the Behler.

Jason Stamp, of this city, is registered at the Union Square hotel, New York City.

Among the guests at the Stamm Saturday were George Morrow and wife, of Fairmont.

Alex. Humphrey, formerly of Martin's Ferry, now manager of the Fairmont glass works, was here yesterday.

C. O. Ingfield, of Pittsburgh, and F. O. Percival, of Sistersville, were among the old people at the McClure yesterday.

J. W. Boyers and J. S. Ward, of Sistersville; B. S. Pape and William Richardson, of Parkersburg, were at the Stamm.

Prof. John A. Myers, of Morgantown, on the staff of the West Virginia agricultural experiment station, is at the McClure.

C. Davis, of St. Marys; John Stealey, of Sistersville; C. F. Kent and J. T. Kelly, of Mannington, were guests at the Behler.

George R. Gillespie, a popular young glassworker of Pennsylvania, is in the city, called here by the dangerous illness of his brother, John.

Mr. B. F. Horkheimer has gone to Manchester, Conn., where he will run the wool establishment which the Horkheimer Brothers are to establish there.

Miss Carrie Miller and little sister Edna have returned to their home on Market street, after spending three weeks with P. S. Fletcher's family, of Ellwood City, Pa.

E. Finley Kitson, editor of the Sistersville Drill, was a Wheeling visitor yesterday. His friends are glad to learn that his bright young daily will not suspend, as was intended.

"Old Lavender" To-night.

This evening at the Opera House Edward Harrigan will present his famous drama, "Old Lavender." Mr. Harrigan has not been seen in Wheeling for many years, and he will receive a hearty welcome. Mr. Harrigan has made a distinct place for himself and his plays in the dramatic field by presenting minutely studied pictures of the humorous element in the low life of New York city. He is an excellent character actor, and he has gathered about him a company of highly skilled impersonators, who apparently study their characters from life and devote a great deal of care to make-up and costume. The realistic pictures they produce, though sometimes lacking in dramatic force, are entertaining because of their realism, and are made additionally diverting because, in the delineation of such scenes as they present, songs and dances are naturally introduced. The music, furnished by Dave Brahm, is of a popular character and, as in all of Mr. Harrigan's productions, is well rendered.

Two More Raids.

Saturday night the police raided the house of Kitty Lee, on Main street, and arrested her, eleven other women, and seven men, nineteen in all. The craps den of George Cooper, on Eleventh street, was also visited and the proprietor and three men arrested. Officer Knabe arrested a plain drunk and Officer McGee ran in Sarah Watkins on a charge of being out after nightfall for improper purposes.

The rule of the organization provides that no person will be admitted without an invitation, unless accompanied by a member.

D. R. BROOKS'S FUNERAL.

His Remains Laid to Rest Saturday Afternoon with Masonic Honors.

The funeral of the late D. R. Brooks took place Saturday afternoon. The interment was at Greenwood cemetery and the attendance was unusually large. Cyrene commandery, K. T., and Nelson lodge A. F. & A. M., were present in a body and had charge of the obsequies. Rev. Dr. Riker officiated, while Rev. Dr. Swore assisted as prelate of the commandery. Both pronounced brief eulogies on the deceased. At the grave side the Knights' very impressive services were carried out. The pallbearers were Messrs. John A. Zorn, T. C. Stevenson, A. T. Hupp, S. Waterhouse, J. McMahon and Conrad Hirsch. The panging line of Knights was in charge of Eminent Commander Peter Boyd, and among the many in the ranks were Eminent Sir John Rihedaffer, deputy grand commander, and Eminent Sir John A. Zorn, grand captain-general. Many friends and relatives of the dead man from abroad were present.

General Oil Notes.

Between the Colerain field, in Belmont county, and Mount Pleasant, Jefferson county, the Ohio Oil Company has completed a wildcat on the Hill farm that is a rank duster.

On Middle Island creek, Tyler county, and northwest of the Dye-Brooks development, McFadden & Co.'s well on the Morris farm is reported showing some oil. The well was drilled in last month, and, as a salt well producer, it was a gusher to a very successful degree. The owners now think they will have an oil producer of some value if the briny fluid can be exhausted.

The dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them is ambitious, brainy and energetic; the other is sick, listless, peevish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating, he may be able to do nothing at all. He isn't capable of continuous and vigorous effort. His bodily discomfort affects his mind. Even when he knows just what is the matter, he neglects the simplest precautions and the simple treatment that would cure him. Most of dyspepsia starts with constipation, and constipation can be cured. Constipation is the cause of nine-tenths of all human sickness. Some of its symptoms are sick and bilious headache, dizziness, sour stomach, loss of appetite, foul breath, windy flatulencies, heartburn, pain and distress after eating. All these are indicative of derangements of the liver, stomach and bowels, and all are caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are quick, but not violent in their action. There is nothing about them that will give the system any shock. They not only relieve immediately, but if taken according to directions, they will absolutely cure. "You do not become a slave to their cure." They are different and better than any other pill or preparation offered for the same purpose. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. If you will send your address, we will send you a sample package, containing from 4 to 7 boxes, and you can see exactly what the "Pellets" will do for you.

If you will send us one-cent stamps to cover cost of mailing only, we will send you what the most useful medical book ever presented to the public. This is Dr. Pierce's Common Sense Medical Adviser, in Plain Language, a book of 200 pages, profusely illustrated, the great expense of preparing which has been covered by a sale of 100,000 copies at the regular price. It is now sold at 10 cents. World's Dispensary, 240 Broadway, New York.

COUGHS and COLDS.

ELY'S PINEOLA BALSAM is a sure remedy for coughs, colds, sore throat and for asthma. It soothes, quickly cures the cough, and relieves expectoration easy.

Consumptives will invariably derive benefit from its use. Many who suppose themselves to be suffering from a cold or are only suffering from a chronic cold or drop, as it is called, cough, often aggravated by catarrh.

For asthma use Ely's Cream Balm. Both remedies are pleasant to use. Cream Balm, 50c per bottle; Pineola Balsam, 25c. Sold by druggists.
